

April Muller's ELA 6 PTO Grants Fall and Spring

In the fall, the PTO purchased Artsy Fartsy, Would You Rather, The Challenging Riddle Book for Kids, Scattergories, Apples to Apples Junior, BOGGLE, and Trivial Pursuit Family Edition for our classroom. Students look forward to playing a round of one of these games as a way start reading class after we've just had 90 minutes of writing. It has been a fun way to keep the virtual kids connected with the in-seat students.

In the spring, the PTO purchased a year subscription to the ClassroomScreen site. We use it every class period for a timer, daily agenda, stopwatch, dice, traffic light, to create student groups, etc. It works great allowing both the virtual and in-seat students to see the same screen.
